Kiwanis Kids service projects

Kiwanis Kids programs may be established at a school or community center and are great projects for Key Clubs to support.

K-Kids is a “student-led” community service club for elementary-age students that teaches members the value of helping others through participation in community service projects. A sponsoring Kiwanis club supports the program in a school or at a community center. Key Clubs can serve as a co-sponsor and mentor young service-minded leaders within their community.

Sponsoring Kiwanis family club members attend K-Kids meetings, assist with training club officers, educate members about using parliamentary procedure, assist with service and fund-raising projects and provide financial support.

Terrific Kids is a recognition program that promotes character development, positive self-esteem and perseverance. Students establish specific goals to improve behavior, peer relationships, attendance or schoolwork, and receive recognition when attaining a specific goal. Recognition includes being pinned as a Terrific Kid; a pizza, ice cream or other food-themed party; and presentation of buttons, certificates and other giveaways. Key Clubs can purchase the Terrific Kids kit and establish a recognition program in their community. This is a great opportunity to work on a service project with your sponsoring Kiwanis club.

Bring Up Grades (BUG) is a program designed to provide recognition to students who raise one grade while maintaining grades in other subjects from one grading period to the next. Students are encouraged to continue this progress each grading period. Recognition includes being placed on the BUG Honor Roll; a pizza, ice cream or other food-themed party; and presentation of buttons, certificates and other giveaways. Key Clubs can purchase the BUG kit and provide academic recognition in their community. Working alongside your Kiwanis club or another school organization, such as student council, can develop beneficial partnerships.
